WOODEN FURNITURE

Rudnick has over 77 years of proud heritage, sourcing the world's finest furniture products, working with you to make your creations masterpieces.

Established in 1938 in São Bento do Sul (SC) Brazil, by Mr Leopoldo Edmundo Rudnick. We are among the country's largest family-owned furniture companies and a leading diversified global furniture manufacturers.

The company operates three manufacturing facilities, one distribution center, own stores and its corporate headquarters in Southern Brazil. Rudnick furniture is found in homes, offices and hotels worldwide.

As an international supplier of wooden furniture for large global companies, we are committed to the development of innovative and functional products, supporting our long-term growth objectives, adding value to our business.

Today Rudnick has high quality own designed furniture in its portfolio, which are covered by a complete catalogue showing products for residential and office purposes. Besides that, the company supplies private label items to well-known companies in several countries around the world. Our products are distributed in more than 20 countries, serving the most demanding customers along years of partnership and loyalty.

The company staff includes more than 800 employees plus dedicated sales people who represent Rudnick in several countries. Solid wood, MDF and particleboard panels, laminate, FF, veneer and lacquer (UV or spray) finishes are capabilities dominated by our company. Type of construction may be KD, RTA or assembled furniture.
