

A WOODEN LIGHT FOR THE DARK NIGHTS

Nothing makes you feel closer to the nature than the scent of wood, reminding us to slow down our lives and breathe, even if it's just for a moment. This Autumn UIMAGE encourage to lighten up the dark nights with the wooden lampshade Jazz.

Made from oak the lampshade will bring the Nordic tones of nature into the interior. Crafted from an exclusive 3D veneer technology with an organic shape that will add warmth and vitality to the home. The lampshade is inspired by the flowing lines found in a flourishing frangipani flower and a classical gramophone horn, hence the name.

Jazz is designed by the design duo Magnus Nero and Ingemar Jönsson, with an international design profile working for Tom Dixon and Artek in the past. Use it as a pendant above the dining table, on Champagne floor, on the Willow family or simply placed directly on the floor creating a strong statement in the interior.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury

accessible to you. The aim is to save the environment so that you can save on living.
