We are a company of Designers, Artisans, and Innovators that have great respect for the process of handcrafted luxury goods. Our team is passionate about providing heirloom-quality lighting, bed swings, and home accessories for our clients.

Lowcountry Originals is where timeless design and impeccable craftsmanship meet. Our goal is to create one-of-a-kind, unique experiences for our customers through quality work, whether it's a custom project or designed in-house by our team. We also take great pride in being designer-friendly, so regardless of size or scale, we look forward to creating meaningful products that reflect the organic and beautiful work of our team. Take a moment to become inspired by our client work with Lowcountry Originals.

# made in the USA

Whether completely designed in-house or personalized with your custom touches, each Lowcountry Originals piece is developed in Bluffton, South Carolina studio, where years of experienced Artisan talents ensure the highest quality design and construction, as well as the best customer service. Each of our projects begin with a focus on design expertise. After finalizing, we consult our production team and then present the design for the artisans to begin work. When a piece is finished, it reflects not only the natural beauty of our region but also the artistry of its craftsmen.

Our showrooms are located in Bluffton, SC and Atlanta, GA
