COMPANY INFORMATION

Since 2002, founders of Eloquence®, Kim Redmond & Amelia Cooke have shared a simple love and appreciation for beauty, romance and charm. Inspired by their travels and the antique treasures they come across, the duo set-out to create a collection that would evoke eloquence through honoring the authenticity and imperfections of original antiques and applying them to modern furniture designs.

Thoughtfully designed in Los Angeles and hand-crafted by skilled artisans, Eloquence® furniture is meant to embody the elegance and charm of time worn antiques. Eloquence® is also proud to offer one-of-a-kind European antiques and vintage furniture and accessories, from the late 18th century to the mid- 20th century.

Eloquence® has been forged out of a passion to create refined interpretations of the finest antique furniture. Taking elements of history and bringing them to life with new Eloquence® Designs is one of our greatest joys. We continue to be inspired by the past, while keeping in mind the needs of modern day life.
