## COMPANY INFORMATION

Inspired by great works of art Poetic Pillow was started with a desire for creating meaningful space. Leveraging innovations in fabric printing, Poetic Pillow incorporates art in home decor. Through pillows, throws and accessories, Poetic Pillow shares its motto of living poetically.

Each product begins as an endeavor to identify motifs with the potential to aesthetically transform space. Works are reinterpreted in hues, colours and layout into a fabric format with a design focus. Working with artisans across the globe, each design is transferred onto fabric, hand finished with care and inspected for quality.

As a social enterprise, Poetic Pillow focuses on three philanthropic missions: support arts education, foster mental health initiatives, and diminish the environmental impact of the home decor industry.
