**The Mattone Collection Tables the Conversation**

JANUS et Cie has introduced three new beautifully utilitarian tables to Mattone, its award-winning, fully upholstered modular lounge collection. Envisioned as a luxe destination for gathering, Mattone now adds functional surfaces that seamlessly integrate with the clean lines of its seating.

The new pieces include two C-tables and a laptop table, each composed of aluminum frames in the collection's Chassis Silver finish. The C-Table Small and C-Table Large may be mounted to the undersides of Mattone armed pieces and are scaled specifically to accommodate the dimensions of the collection. The Laptop Table is a free-standing piece that fits like a glove with Mattone but may be used with other collections as well.

These sleek, minimalist tables join a 10-piece group of modular lounge pieces. Mattone features deep, inviting cushions and generous proportions with endless configuration possibilities. Designed for exceptional comfort, Mattone is crafted with the attention to detail found in refined interiors, engineered to beautifully resist exterior elements and dry quickly. The collection offers exceptional versatility and creates the opportunity for playful interaction between its pieces and environment. Covers are available in two sophisticated, neutral hues—Pathway/White Opal, a warm, inviting, soft grey, and Pathway/Shiitake, a monochromatic, flaxen beige—to complement and coordinate with a wide variety of palettes.

Mattone's clean, minimalist lines enable seamless transitions from modern and contemporary aesthetics to impactful contrast when juxtaposed with more classic and traditional design, and pair beautifully with JANUS et Cie aluminum and JANUSstone cocktail tables. The Mattone modular collection is a recipient of the 2023 Good Design Award.
