

Nun

- The comfortable armchair

With the Nun armchair, Eilersen adds another armchair to its collection. The chair is designed by Jens Juul Eilersen, which can be seen and felt in both the chair's expression and comfort, as the same familiar qualities that have become synonymous with an Eilersen over time are also at the forefront of the new Nun armchair.

One long sofa

When Jens Juul Eilersen designed the Nun armchair, he found inspiration in the sofa's expression.

"Nun is shaped in such a way that several placed next to each other give the impression of one long sofa with great flexibility," says Jens Juul Eilersen.

Jens Juul Eilersen has maintained the same comfortable and inviting look in Nun that you recognise from the brand's many sofas. With its square expression, the Nun chair fits beautifully in any room

The Nun armchair has a back and armrests that provide good support and comfort. The seat cushion consists of a down-top cushion while the back cushion filling is 100% down and duck feathers.

Nun cost as shown in Soft 44
€ 1674, including VAT.
