## FOR IMMEDIATE RELEASE

### Hinkley Shines Its Spotlight on Expanded Lisa McDennon Collection During Their High Point Market Showroom's Grand Opening

Avon Lake, Ohio—Hinkley, a leading designer of decorative lighting and ceiling fans, has worked with award-winning Interior Designer Lisa McDennon to significantly expand her exclusive lighting collection. Over 40 new interior and bathroom fixtures will be unveiled alongside the company's full product line — including new releases from their highly acclaimed Fredrick Ramond brand — at Hinkley's new expanded High Point Showroom within the historic Market Square (MS143), celebrating its official grand opening from October 25th through 30th.

Eclectically chic sconces, chandeliers, pendants, and flush mounts feature unique configurations, dramatic silhouettes, and a playful mix of materials. Innovative glass elements, unexpected textiles, and fresh finishes blend modern and traditional aesthetics, creating versatile statements that can adapt to fit a variety of environments and décor applications.

### LISA MCDENNON COLLECTION

"This season's release maintains the core concepts and original inspiration for my collection, which is one of design blended with artistic elements – artisan details combined with layered textures and materials.," says Designer Lisa McDennon. "Stylistically, these fixtures are more diverse in terms of aesthetic, but they're rooted in inspirations gathered from my daily life and travels."

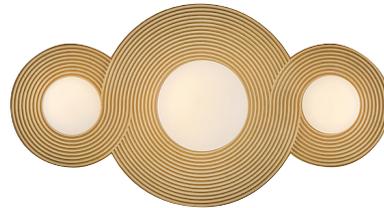

#### TRIGO

Inspired by the enduring allure of pearl jewelry, Trigo's glowing etched opal glass globes create an organic flow that echoes the unique beauty found in genuine pearls.

#### RHEA

Evoking the concepts of eternity and limitlessness, Rhea's continuously flowing loops of refined metal create a ribbed texture along its gracefully curved backplate.

### FREDRICK RAMOND

Also making its High Point debut, is the Fredrick Ramond Fall collection. Inspired by organic forms and the unique imperfections found in natural materials, the Fall 2024 Fredrick Ramond release focuses on rarified beauty. Statement-making designs emphasize one-of-a-kind elements and elegant glass with artisan-crafted details and luxurious finishes

#### AZALEA

Azalea's intricate silhouette is adorned with double-layered glass blossoms crafted from clear and white glass, inspired by the natural romance of annual spring blooms.

#### VELETA

Inspired by Italian design, Veleta's natural alabaster shade is showcased by a geometric frame. One-of-a-kind color variations and organically formed textures make each fixture truly unique.
