

# MOON HANDMADE COLLECTION

# Inspired by the serene **beauty** of **moonlit** nights.

Sometimes we crave the calm beauty of a quiet, moonlit night. Inspired by the gentle glow of the moon each fixture is crafted to reflect the serene elegance of moonbeams, with crescent-shaped glass panels that softly light up your space.

# Hand Crafted **Beauty.**

Skilled artisans carefully shape and texture the glass panels by hand, capturing the organic, gentle curves of the moon. This handmade craftsmanship adds a unique, personal touch to every light.

Now you can transforming everyday lighting into stunning focal points. From cozy dining areas to expansive living rooms, the Moon Collection is designed to enhance any interior with its sleek silhouettes and luxurious finishes.
