

## **Jamie Young Co. Invokes Natural Beauty with Spring 2025 Collection Launch at High Point Market**

A Celebration of Texture, Color, and Form Featuring Sculptural Silhouettes, Reactive Glazes, and Serene Hues

**LOS ANGELES, CA** (April 2025) – [Jamie Young Co.](#), a leading designer and showroom in upscale lighting and decor, is set to unveil its 2025 Collection with an ethereal ode to natural beauty at High Point Market this spring. This season, the brand delves into an exploration of texture, color, and form in inimitable pieces by master artisans showcasing refined techniques, organic materials and exquisite finishes that embody Jamie Young Co.'s signature craftsmanship and design expertise.

While texture and color have always been fundamental to Jamie Young Co.'s creative approach, the collection uses these elements to transcend to new heights. Reactive glazes and serene, nature-inspired color palettes define the latest ceramic designs, producing some of the most

captivating pieces the brand has ever introduced. This collection embraces color in unexpected ways, particularly in classic glass silhouettes reimagined in sophisticated shades of blue, taupe, and green. The result is a selection of statement pieces that offer both bold distinction and effortless versatility, seamlessly harmonious in a wide range of interior aesthetics.

“The latest collection is truly a testament to the beauty of materiality and movement,” said Jamie Young, Founder and Creative Director of Jamie Young Co. “We’ve curated shapes that highlight flowing waves, curves, and a sense of motion, bringing an organic dynamism to solid pieces. Each item in this collection is designed to inspire a sense of life and vibrancy, enhancing any space with its presence.”

In addition to the sophisticated color applications and sculptural forms, the collection features a thoughtful balance of timeless design and contemporary sensibility. From artisanal ceramics to luminous glass pieces, each design reflects the brand’s commitment to quality, artistry, and enduring style.

The Spring 2025 Collection will be available for trade members through Jamie Young Co.’s trade portal and will be on display at High Point Market in the IHFC Building, Floor 2, Showroom D223, and Interhall IH505.
