April 2025

FOR IMMEDIATE RELEASE

Schwung Brings Timeless Artistry to High Point Market

HIGH POINT, N.C. [April 9th, 2025] – This spring, SCHWUNG will elevate the High Point Market, unveiling its handcrafted lighting fixtures at the distinctive 313.Space. From April 23-30, 2025, the brand will present its signature lighting designs. Each item, chosen for its timeless elegance and enduring appeal, reflects a quiet commitment to lasting quality and artisanal mastery.

At Schwung, every creation is meticulously handcrafted. A refined blend of glass and solid brass, each piece is shaped with care by skilled artisans, creating objects designed for both longevity and aesthetic integrity.

313.Space will offer the ideal setting for these illuminated masterpieces, where lighting goes beyond its role as a simple light source and transforms spaces with grace and sophistication.

As part of the broader High Point Market experience, Schwung is delighted to share its vision of sustainable, handcrafted elegance with those who appreciate it. This will be more than just a visit; it will be a celebration of design and artistry in its most refined and intentional form.

For more information about SCHWUNG, please visit www.schwung.design or contact sales@schwung.design.

About High Point Market: High Point Market is the largest furnishings industry trade show in the world, bringing more than 75,000 people to High Point, North Carolina, every six months. The Market features an extensive selection of exhibitors spanning every category, style, and price point, attracting domestic and international exhibitors and buyers.

About us

SCHWUNG is a creative studio with the heart of a collector and the hands of a maker. We imagine, design, built, and gather an endlessly evolving family of desirable objects that bring energy, warmth and pleasure to spaces of every kind. The company began a decade ago, founded by a couple - Ruud Nijssen from the Netherlands and Dominique Sente from Belgium. What started as a curiosity for objects, a venture in collecting, curating, and trading antiques, has evolved into a passion for creating unique designs. Today, **SCHWUNG** lighting, operating under a B2B model, illuminates both private and hotel spaces in 72 countries around the globe.
