Calligaris and Connubia Return to Fall High Point Market 2026 with the Latest in Italian Design

The Italian sister brands welcome the design community to Casa Italia to discover new collections, materials and distinct approaches to contemporary living.

HIGH POINT, N.C. -- October 2026 -- Calligaris and its sister brand Connubia will return to Fall High Point Market, October 17–21, 2026, welcoming interior designers, retailers, architects and industry professionals to experience the latest collections from both brands at Casa Italia in High Point, North Carolina.

Founded in Italy in 1923, Calligaris has spent more than a century combining Italian design, craftsmanship, innovation and functionality to create furnishings for contemporary living. This Market, visitors will experience thoughtfully designed environments showcasing the brand's approach to dining, seating, occasional furniture and complete living spaces.

Alongside Calligaris, Connubia will showcase its fresh and contemporary approach to Italian design. As Calligaris' sister brand, Connubia brings a younger, more informal perspective to the group's design heritage, with versatile furniture created for dynamic, everyday spaces.

Together, the two brands demonstrate the breadth of the group's offering while maintaining distinct identities and design perspectives.

Two Brands, Two Expressions of Italian Living

The Fall presentation will highlight the continued evolution of both collections through new forms, materials, finishes and functional solutions.

Calligaris will present its refined approach to contemporary Italian interiors, bringing together statement dining pieces, seating and complementary furnishings to create cohesive living environments.

Connubia will offer a more colorful, informal and versatile interpretation of contemporary design, with products created to adapt to the evolving ways people gather, dine, work and live.

A Destination for the Design Community

Beyond new product discovery, High Point Market provides an important opportunity for Calligaris and Connubia to connect directly with the U.S. architecture and design community, retail partners and industry professionals.

Guests are invited to visit both showrooms throughout Market to experience the collections firsthand, explore materials and finishes, and discover the individual design philosophies behind each brand.
