Cereria Mollá 1899 Sets the Mood for Fall High Point Market with New Wellbeing and Holiday Collections

-Spanish Artisanal Fragrance House Introduces Six Mood-Inspired Scents and New Salted Caramel Holiday Fragrance-

Fort Lauderdale, FL – September 2026 – Cereria Mollá 1899, the Spanish artisanal candle and fragrance house with over 125 years of heritage, returns to High Point Market this fall with its new Wellbeing and expanded Holiday Collections, including the debut of its warm and inviting Salted Caramel scent. Visitors can experience the collections alongside Cereria Mollá's full line of handcrafted home fragrances at Booth G-6008 in the Salon at Suites at Market Square, October 17-21, 2026.

"Fragrance has the ability to shape how we experience a space and the moments we create within it," says Patrick Goguillon, Co-Founder of European Scents, the exclusive U.S. and Canadian distributor of Cereria Mollá. "The Wellbeing Collection explores that connection through scents designed for different moods, while the expanded Holiday Collection brings the warmth and character of the season into the home."

The Wellbeing Collection brings feeling and comfort through six distinct scents: De-Stress, Happiness, Energize, Uplifting, Relax & Sleep, and Calm & Serenity. Each fragrance is neuroscientifically backed and thoughtfully composed to evoke a specific mood, with profiles ranging from fresh florals and bright citrus to soothing lavender, warm woods, vanilla and other comforting notes. The collection is available across scented candles, reed diffusers, scented incense, Fragrance Mist and Home Perfume, with a dedicated Pillow Mist offered in Relax & Sleep.

The Spanish fragrance house's Holiday Collection also expands with the introduction of Salted Caramel, a new warm and enveloping fragrance that blends the sweetness of caramel with a subtle salty touch. Almond, apple, butter and peach open the fragrance before giving way to caramel, cinnamon, coconut and milk, with praline, vanilla and walnut creating a soft, creamy finish.

Salted Caramel joins two returning seasonal favorites Gingerbread Madeleine, a warm and spiced fragrance inspired by freshly baked pastries, and Mountain Pine, a fresh, forest-inspired scent that evokes crisp mountain air and the natural character of pine.

Each Cereria Mollá candle is handcrafted using soy wax, essential oil fragrances and 100% organic cotton wicks, reflecting the brand's longstanding commitment to craftsmanship, quality, and tradition.

Attendees at Fall High Point Market can discover the Wellbeing Collection, Holiday Collection, and full Cereria Mollá assortment at Booth G-6008 in the Salon at Suites at Market Square, October 17-21, 2026.
