

Skovby introduces #845 Dining chair

October 12th 2026

Joining the collection in September 2026, the new #845 Dining chair is a modern chair with a Scandinavian and minimalist look that speaks to contemporary spaces where organic shapes and clean lines govern.

The #845 Dining chair bends and curves in soft lines, which gives the chair a both light and inviting appearance, beautifully paired with the optimal comfort of the fully upholstered seat and back.

Upholster the chair with flat-weaved fabric for a clean, ultra-modern look – or a soft bouclé for a venture into lounge territories.

Each design rests on legs of solid, FSC-certified wood in various finishes.

#845 Dining chair is designed by Nørgaard Design and crafted in Denmark.

Materials

Available in various wood finishes paired with fabric or leather upholstery
