

Skovby introduces #846 Dining chair

October 12th 2026

Joining the collection in September 2026, the new #846 Dining chair captures the essence of modern Scandinavian design with its minimalist expression. Its soft, organic shapes and clean lines create a light and inviting appearance, while offering exceptional comfort.

The #846 chair is crafted with meticulous attention to detail — from carefully selected materials to precise craftsmanship. The result is a piece of furniture that is not only highly functional but also visually appealing from every angle.

Upholster the chair with leather for a clean, ultra-modern look – or a soft bouclé for a venture into lounge territories.

Each design rests on legs of solid, FSC-certified wood in various finishes.

#846 Dining chair is designed by Nørgaard Design and crafted in Denmark.

Materials

Available in various wood finishes paired with fabric or leather upholstery
