About Art & Light Gallery: Art & Light was founded in 2007 by owner Teresa Roche, with a series of in-home and pop-up art shows combining original art and custom, creative lighting. After moving from a few different brick and mortar locations, Art & Light transitioned into the fine art gallery it is today by focusing on local artists and eventually expanding to represent the work of regional, national and even international artists. Now in its seventeenth year, Art & Light is an established gallery and an important hub in Greenville SC's arts community, representing over 50 artists, from emerging to established in a space that is uniquely southern and inviting. About Teresa Roche Textiles: Teresa Roche Textiles launched in 2018 with a collection of artisanal textiles and wall coverings inspired by Roche's paintings. Teresa enjoys spaces that tell a story and believes that you don't have to compromise sophistication to live with elegant and delight-filled fabrics and wall coverings. TRT designs employ a satisfying crush of color and texture - at once playful and controlled - with textiles that carry an expansive range of pattern, from basketweave to abstract florals and free-form circles. However utilized, Teresa Roche Textiles brighten and lend depth to the fun, refined spaces in which they're utilized. Visit teresarocheart.com to learn more about Teresa Roche Textiles.
