High Point, North Carolina, October 14th-18th - Fusion Flatworks, a pioneering furniture design and manufacturing company, is excited to announce its official launch in the market. Combining functionality, elegance, and aesthetic appeal, Fusion Flatworks is set to disrupt the furniture industry with its innovative approach Wood, Epoxy and Lighting fixtures. Wood, Epoxy and Illumination Fixtures: Fusion Flatworks Unveils Disruptive Furniture Designs at High Point Market, North Carolina

Recognizing the growing demand for functional artwork solutions, Fusion Flatworks aims to cater to customers' ever-changing needs and lifestyles. With a skilled artist/designer, the company pushes the boundaries of furniture design by seamlessly integrating beautiful burl wood, epoxy, lighting and style into each of their heirloom creations.

### Key Features and Benefits:

1. Heirloom Quality: Fusion Flatworks has mastered the art quality using hand chosen wood from around the world and the epoxy that is second to none. Hand crafted works of functional art.
2. Artistry: Fusion Flatworks offers a wide range of furniture pieces that can be transformed into multiple forms and functions. Each piece is intelligently engineered to adapt to various living scenarios. If you want a conversation piece or a creation that you can visually get lost in a piece or pieces from Fusion Flatworks is what you need
3. Quality Craftsmanship: Fusion Flatworks takes pride in its commitment to creating durable, generation-lasting furniture. Every piece is meticulously crafted using premium materials to ensure reliability, stability, and an outstanding finish.
4. Design: If you can dream it we can build it. Fusion Flatworks offers customizable furniture solutions. Whether it's a specific size, color, or finish, customers can collaborate with their design team to bring their vision to life and create furniture that perfectly suits their space.

Founder and CEO of Fusion Flatworks, Greg Dahl, stated, "At Fusion Flatworks, we constantly strive to bridge the gap between functionality and style. Our furniture pieces are designed with the customers' changing needs in mind, ensuring they can make the most of their visual appeal. We are excited to bring our innovative solutions to market and help customers reimagine their interiors."

Fusion Flatworks is now accepting pre-orders on its website [URL]. Customers can browse the diverse range of furniture options and discover the perfect solution

About Fusion Flatworks:

Fusion Flatworks is a trailblazing furniture design and manufacturing company that specializes in high end wood, Epoxy, and lighting solutions. With a dedication to exquisite craftsmanship and innovation, Fusion Flatworks aims to transform the way individuals perceive and utilize their living spaces with creations of functional artwork.

# FINDING AND CREATING THE EXTRAORDINARY

Fusion Flatworks is a family-owned business founded by Greg Dahl. This unique business specializes in creating beautiful pieces of art with a combination of hand-chosen burl wood and epoxy. Each piece is carefully designed and crafted to create one-of-a-kind art that is sure to be a conversation starter. Greg's passion for art and creating unique pieces is evident in every Fusion Flatworks piece. From wall art to countertops, Greg has mastered the art of combining wood and epoxy to create stunning pieces of functional artwork.

Dahl Corp was founded in 2008 by Greg Dahl, whose passion for wood was the natural byproduct of his Alaskan roots. As the company grew, Greg became known as the "Burl Hunter," gaining notoriety for his unique skill set transforming Burl Woods into one-of-a-kind works of art. Producers at the National Geographic Channel were intrigued by Greg's enthusiasm, and featured his talent on a series entitled, "Filthy Riches."

Now, led by the same creative visionary, **Fusion Flatworks** is impressing designers, homeowners, and organizations across the country with its unique, innovative designs in the world of "Functional Art."

Family Tree

Fusion Flatworks is a division of Dahl Corporation, a sister company to Oregon Burls, and home of "The Burl Hunter," Greg Dahl. It doesn't take much to be inspired by Oregon's natural beauty with nearly 40% of our land still covered in trees.

## WHY FUSION?

Our creative visionary is world-renowned for his ability to see the hidden beauty under the bark. His expertise in the curation of rare burl wood and unsurpassed mastery of merging these woods with different epoxies make Fusion Flatworks the leader in functional furniture art.

## RESPONSIBILITY TO GOD, THIS WORLD AND THE PEOPLE IN IT

Our wood epoxy fusion and live edge tables and slabs are ethically sourced. We focus on customer experience, delivering unparalleled service and heirloom quality artistic furnishings with a conscientious focus on community and the environment. Dahl Corp is proud to operate as a second-chance employer, giving opportunities to community members looking to gain employment and mentorship.
